

PROFESSIONAL PROFILE

Date of birth: 02/07/60 **Place of birth:** Belfast

PGA qualified Professional (Triple A)

Dedicated and Experienced Teacher

I started life in the North of Ireland and was introduced to golf at the age of five years and by the time I was thirteen years old had a handicap of three. My development in golf was in the same environment as our three Major Champions.

My first training and practice was done under the guidance of the late Fred Daly who won The Open in 1947. Subsequently I trained and practiced under the guidance of Norman Drew who was the first Professional to play in the Walker Cup, Ryder Cup and World Cup.

From the beginning of my career I wanted to be a Golf Teacher and have applied myself to achieve this goal.

I spent two years in California, USA, training and studying their teaching methods. Following this I spent two years in Zimbabwe training and practising under the guidance of Roger Bayliss who taught Nick Price, Mark McNulty and Tony Johnston.

Graeme

As a player I played in the Californian State Tour, the Zimbabwean Professional Tour, the Irish Tour, the Satellite Tour before it became the Challenge Tour. I also played in South Region Events and other local events. All this experience has helped me to further my career as a Golf Teacher and has enabled me to study the swings of some of the best players.

I have great experience in teaching beginners and handicapped golfers. Players of all levels have been taught by me and have benefited from this experience.

The last three years have been spent at Birchwood Park Golf Centre, prior to this I taught at Lords Golf and Country Club, Rayleigh, Essex. Before that appointment I spent six years at Thamesview Golf Centre. Following my journeys abroad I trained and obtained my PGA qualifications at Bearwood Golf Club.
